

JOIN THE LASALLE ZERO WASTE GREEN TEAM

Dear LaSalle Language Academy community,

We are thrilled to announce that our school will soon start its journey to become a **Sustainable School!**

We are committed to:

- 1- Creating a school culture where healthy and sustainable is the norm
- 2- Becoming a Zero Waste school by educating staff, students, and parents on how to:
 - *conserve energy and water
 - *reduce chemicals/pollution
 - *reduce waste
- 3- Implementing healthy nutrition activities

On March 8, we will kick off the **recycling and composting program** in full, with the support of CPS partners for Zero Waste and Gardening. It's time to recruit the fantastic LaSalle Green Team!

While parents and staff are obviously essential parts of the process, the real protagonists will be our children, who will become true **Green Ambassadors** by taking responsibility and monitoring all the activities.

If you and/or your child would like to become involved in the Green Team, please send an email to Cristina Mazza Piccolo at cristina.a.mazza@gmail.com or Bindi Desai Lessing bdlessing@gmail.com by February 28. And ask your friends to join!

We look forward to working together for a more sustainable future.

The Health, Wellness, and Gardening Committee at LaSalle

“The greatest threat to our planet is the belief that someone else will save it.”
