Phone 312 626 6799 Meeting ID: 891 0527 3587

This meeting is to review and approve a CIWP for Principal Graves to submit on Friday June 5th. A draft copy of the CIWP has been distributed to LSC members for pre-review.

[Background: The CIWP sets high-level performance goals for the school for a two year period. The CIWP planning and reporting structure is set by CPS, although it does allow some customization. Mr. Graves and teacher groups have been working for several months to develop CIWP goals and supporting plans, which have been reviewed within CPS. Building on a self-review of current school performance, these goals also include input from parents and students. The final stage in the CIWP development process is for the LSC to review and approve the CIWP for submission. This CIWP includes goals for student growth and attainment in both math and ELA (English), curriculum support, behavior and discipline, and professional relationships - John Falck]
